Folks,

Kevin Riordon from Dietz & Co our designer would like to make a site visit next Wednesday. He will be taking some measurements and getting familiar with the spaces. It will be in the afternoon if that works for you. Please let me know.

Thanks,

Stephen

Stephen,

Next Wednesday, March 6 would be a good day to meet. I would like to arrange to do some field investigation work in that area also that day. I can be there at 12pm and would like to measure first to get familiar with the space a bit. We can sit down to meet at 2pm or so if that works with the staff and you.

Mitsu,

If you are available to meet that day, that would also be good. Let me know...thanks.

Kevin,

The folks at DPH are in their office and labs everyday so just let me know what day you want to come by and I'll let them know. If you need to sit down with them I'd need to schedule something but if you are just making a site visit to get familiar with the spaces a half days notice should be fine. I have meetings but I am here today and tomorrow.
